CAREER OBJECTIVE

I am a tech-driven individual with a strong foundation in web development, DSA, and AI. Passionate about problem-solving and innovation, I aim to leverage my skills in software development and emerging technologies. My goal is to build scalable solutions that enhance efficiency and quality.

WORK EXPERIENCE

Web Development • Internship

Mar 2025 - Present

CodSoft, Virtual

- Built responsive and dynamic web applications using React, HTML, CSS, and JavaScript.
- Led full-stack development, integrating MongoDB, Express.js, React, and Node.js (MERN Stack) for scalable solutions.
- Drove optimization efforts by debugging, improving API performance, and enhancing UI/UX.
- Learnt best practices in Git, deployment, authentication, and database management.

Content Writing • Internship

Dec 2023 - Jan 2024

Swiggy, Bhopal

- Led web development tasks, enhancing platform functionality and optimizing user experience.
- Built interactive UI components and improved backend processes, ensuring seamless performance.
- Conceptualized and crafted SEO-optimized content, driving user engagement and brand visibility.
- Learnt industry best practices in web development and content writing, gaining hands-on experience in a fast-paced environment.
